

Die Benade Familie in Suid-Afrika

Hierdie is slegs 'n voorlopige publikasie oor die Benade familie in Suid-Afrika en belangrike besonderhede oor die voorgeslagte is nie hierin opgeneem nie. Toe ek begin het met hierdie navorsing het ek spoedig 'n dokument van ses bladsye saamgestel wat ek uitgeruil het met ander Benade's vir besonderhede en fotos oor hul eie kennis en besonderhede van hul eie Benade families. Daardie dokument het sederdien gegroei tot hierdie dokument wat weereens sal kan dien vir verdere kontak en uitruil soos voorheen.

Volgens die reëls van die GGSA het ek slegs perone hierby ingesluit wat gebore was voor 1950. Daar is reeds nog 'n duisend plus persone aan my bekend maar die syfer moet sekerlik baie groter wees as dit wat ek het.

Ek beoog om binnekort hierdie informasie in Engels te vertoon by my webblad wat bereik kan word deur op hierdie skakel to klik ; <http://tinyurl.com/482hz> maar dit sal dalk eers in 2015 gebeur.

Ek het 'n formaat gebruik wat nie die gebruikelike Suid-Afrikaanse formaat is nie want ek het ontdek dat die Amerikaanse program wat ek gebruik nie korrek funksioneer wanneer dit die informasie uitvoer na 'n dokument soos hierdie nie. Ek het wel die program gevra om in hierdie Register Boek formaat die gebruikelike Suid-Afrikaanse id-no's te vertoon maar ook dit werk nie soos wat ek verwag het nie. Onder die kinders in die eerste familie het Johannes Tobias byvoorbeeld nie 'n id-no waar hy vertoon word as 'n kind nie maar in die tweede paragraaf waar sy persoonlike besonderhede vertoon word is dit tog wel vertoon. Alle Benade's het dus tog wel iewers 'n vertoon van hulle SA id-no's maar dit is nie altyd in dieselfde plek nie.

Daar is ook besonderhede van families wat ek tot nou toe nog nie kon verbind aan die stamboom groep nie. Die enkele indeks aan die einde is van toepassing op al die persone en kan persone gevind word deur te soek met die verwysings nommer wat vertoon word in reghoekige hakies. Om sukses te seker sluit die hakies in by u soeke.
